

DIGITAL LITERACY AWARENESS

PRESENTED BY

Paras Rawat

1. What is Digital Literacy?

Digital literacy is the ability to find, evaluate, create, and communicate information using digital technologies effectively and responsibly. It includes:

- Navigating online tools confidently
- Critical thinking about online content
- Responsible digital citizenship

2. Useful Digital Tools for Students:

Boost learning and productivity with these:

- Google Workspace / Microsoft 365 (Docs, Sheets, Slides for collaboration)
- Notion or Evernote (note-taking & organization)
- Khan Academy / Coursera (free courses & tutorials)
- Grammarly (writing improvement)
- Canva (creating presentations & visuals)
- Zoom / Google Meet (online classes & group study)

3. Safe Internet Practices:

Stay Protected Online – Key Rules:

- Use strong, unique passwords + enable 2FA
- Check privacy settings on all accounts
- Verify website URLs (look for HTTPS & padlock)
- Avoid clicking suspicious links or sharing personal info
- Recognize scams, phishing, and inappropriate content
- Think before posting – your digital footprint lasts

4. Professional Online Presence:

Build a positive digital footprint for future opportunities:

- Curate LinkedIn / portfolio profiles (professional photo, clear bio)
- Be mindful of social media posts – think long-term impact
- Use privacy settings wisely
- Practice email etiquette: Clear subject lines, proper greetings ("Dear [Name]"), concise body, polite tone, no emojis, professional sign-off ("Best regards, Your Name")
